

# Add to LinkedIn as a Certification

## 1 Select 'Add licenses & certifications'

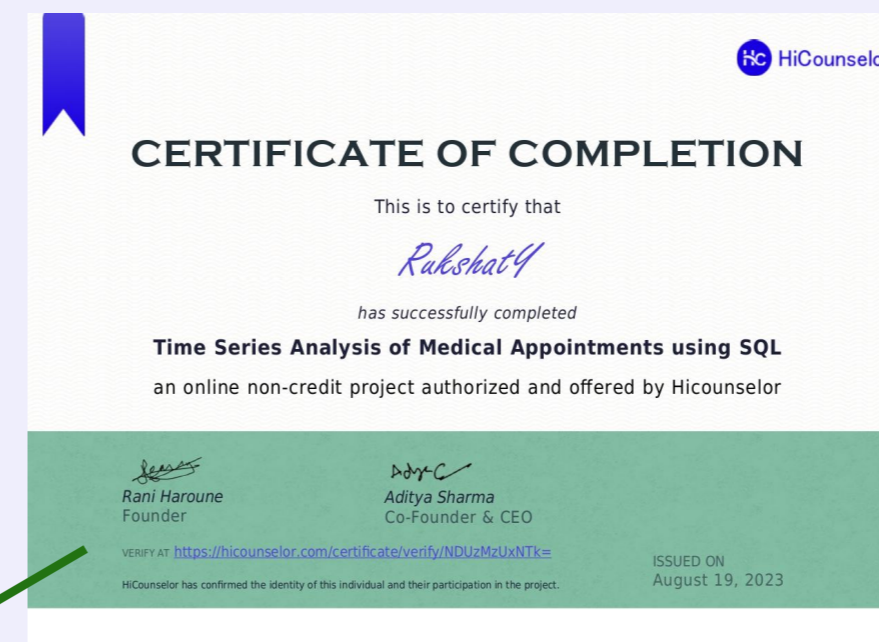

A screenshot of the LinkedIn profile edit menu. The menu items are: 'Add to profile', 'Core', 'Recommended' (with a sub-note: 'Completing these sections will increase your credibility and give you access to more opportunities'), 'Add featured', 'Add Licenses & Certifications', 'Add Courses', and 'Add recommendations'. The 'Add Licenses & Certifications' option is highlighted.

## 2 Complete the fields using your certificate

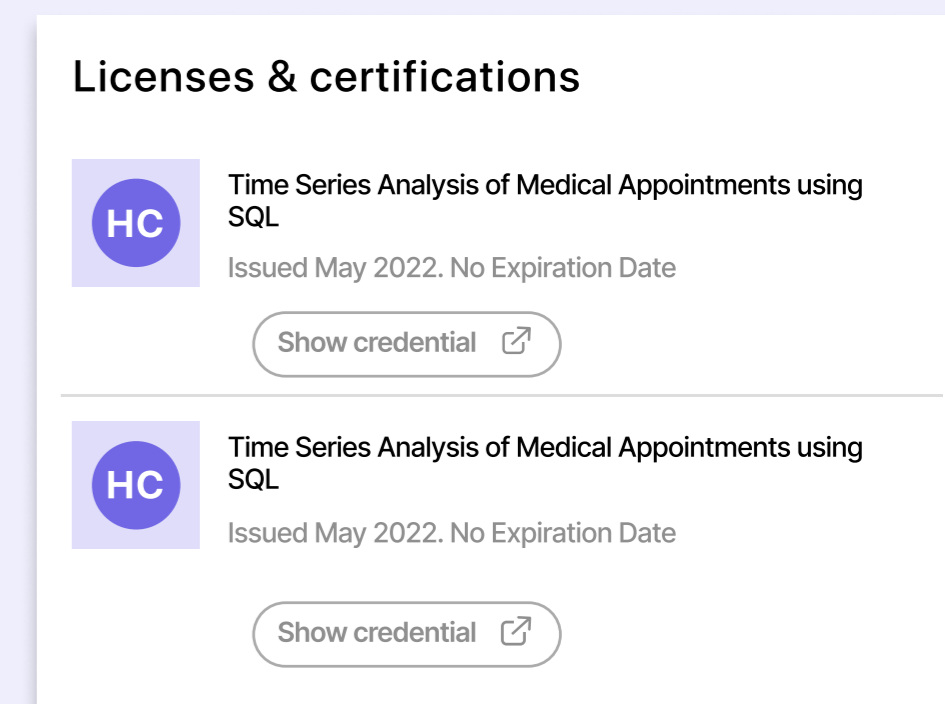

A screenshot of the 'Add licenses & certifications' form. Fields include: 'Name\*' (with example 'Microsoft Certified network associate security' and placeholder 'Name of company'), 'Issuing organization\*' (with example 'Microsoft' and placeholder 'HiCounselor'), a checked box for 'This credential does not expire', 'Issue date' (Month and Year), 'Expiration date' (Month), 'Credential ID' (with placeholder 'Insert Your Unique Enrolment Verification Code\*'), and 'Credential URL' (with placeholder 'Insert Your Certificate URL').

\*Verification code can be found in the fine print at the bottom of your certificate

## 3 Show your work!

A screenshot of the LinkedIn 'Licenses & certifications' section. It displays two entries for 'Time Series Analysis of Medical Appointments using SQL', both issued in May 2022 with no expiration date. Each entry has a 'Show credential' button with an external link icon.
